

CISM – SPORTS REGULATIONS
VOLLEYBALL
Edition 2009

SPECIFIC REGULATIONS FOR VOLLEYBALL

INTRODUCTION

This publication is designed to provide the aim, objectives, rules, structures and activities that should be considered and included by the Host Organization during the annual CISM VOLLEYBALL championships.

The aim of CISM is to establish permanent relationships in the fields of sport and education between the Armed Forces of the World. The motto of CISM is "**Friendship through Sport**".

1. THE CHAMPIONSHIP

1.1. EVENT

The Volleyball Championship will, in principle, be organized each year under the patronage of the Council of International Military Sports (CISM).

1.2. TITLE

The title for a championship tournament will be: (numbered) World Military Volleyball Championship.

The numbered designation will be increased by one from that of the last hosted championship held in a preceding year.

1.3. HOST

The host country for a championship will be confirmed during the General Assembly of the preceding year. When there are multiple countries willing to sponsor the championship, the General Assembly will assign the host responsibility in cooperation with the President of the CISM Volleyball Committee.

1.4. DATE

The date for a championship is set during the General Assembly by the hosting nation. It is usually not scheduled during the same period as the Olympic Games, World Championships or civilian Continental.

1.4. RULES

The current Official Volleyball Rules published by the Fédération Internationale de Volleyball (FIVB), as modified or augmented by CISM regulations, will be used for the administration of matches and appropriate aspects of the organization of the championship. Official forms used must be based on FIVB forms.

1.5. PARTICIPANTS

Competitors (Players) must be **military personnel serving on active duty** with the National Armed Forces of their country. It is prohibited to recall players to active duty for the specific and obvious intent of participating in the championship. Exceptions, in special cases, may be granted in advance by the General Assembly (Policy Manual Art 3.19).

1.6. AWARDS

The sponsoring country is required to present, as a minimum, the following awards:

- to each of the three teams placed first, second and third in the championship standing: one prize or trophy;

- to each competitor, Team Captain, Coach, Assistant Coach and Trainer on each of the first three teams in the championship standing: a medal.
- A participation certificate to the all the participants.
- A Most Valuable Player award for both men's and women's competitions.
- Other awards may be included at the discretion of the host country, General Assembly, or CISM Volleyball Committee.

1.6.1. The host country may, if desire, present a souvenir cup or medal to other teams and competitors. This is not mandatory.

1.6.2. Challenge Cup

For all championships at which there are a minimum of 8 participating countries (Men's Tournament) and 6 (six) participating countries (Women's Tournament), the Volleyball Challenge Cup shall be awarded to the first place (champion) team. The champion team will:

- keep the Challenge Cup until one month preceding the next championship;
- have engraved, at their own expense, according a pattern determined by the CISM Volleyball Committee, the name of their country and the date of the championship; and
- forward the Challenge Cup to the country organizing the next championship one month before the scheduled date.

1.6.3. Fair Play Cup

In keeping with the CISM campaign against violence and to encourage good sportsmanship, a fair play award must be presented to a team for a particular action or attitude towards fair-play demonstrated during the Championship.

2. INVITATION - PARTICIPATION

2.1. INVITATION

At least 6 months before the date set for the championship, the host country is required to send an official invitation to each CISM member nation.

The statutory rules concerning the invitation, the invitation procedure, invitation file, etc., are provided in the CISM Procedures Manual, Art. 3.2 and in the CISM Organizers Guidance.

2.2. COMPOSITION OF A MISSION

Each country may enter one team into the competition. The maximum size of the mission will be:

- One Chief of Mission
- One Team Manager (Team Captain) for each team

- One Coach for each team
- One Assistant Coach for each team
- One Doctor or Trainer (Physiotherapist) for each team
- One Referee/Umpire for each team (male and female) who meets the qualification standards established in section 5.5
- Twelve Players

18 Total Personnel per team (if there is a women's and a men's team, there will be only 1 Chief of Mission; for a total of 35 personnel)

No additional members may be included in the delegation without the specific authorization of the host country.

2.2.1 TEAM COMPOSITION

The Team Composition on CISM Volleyball Competition is the following:

- Team Manager (Team Captain)
- Coach
- Assistant Coach
- Doctor or Trainer (Physiotherapist)
- Twelve players

Only members of the team composition are allowed to sit at the benches in the maximum number of four plus the players.

The team composition will be based on **FIVB Sports Regulations, 4.6.4 options b) and c)** from the Possible Team Compositions. Option b) is for 12 regular players and no libero and option c) is for 11 regular players and one libero. The libero is designated for the duration of the tournament. Should the libero become injured, another player may be designated but the original libero will be disqualified from play for the duration of tournament (as a regular player and as a libero) and the newly designated libero will not be permitted to play as a regular player, only as a libero, for the duration of the tournament.

2.3. COMPETITION SCHEDULE

2.3.1. The duration of the championship should not normally exceed twelve days. The number of days required for a championship will vary depending on the number of teams participating and the number of competition days required to complete the required matches.

2.3.2. CALENDAR OF EVENTS

Typically, the calendar of events for a competition will be structured as follows:

- | | |
|--------|---|
| Day 1: | Arrival of the Missions |
| Day 2: | Preliminary meeting - rest and training |

Day 3:	Opening Ceremony - 1st day of competition
Day 4, 5, etc.:	Total number of days required to conduct the competition plus the Closing Ceremony
Next to last day:	Cultural Day
Last day:	Departure of Missions

Note: - The CISM Volleyball Committee Members shall arrive at least two days before.
- Number of days of the competition will depend on the number of entries (See Annex 2).

2.3.3. In addition, teams should be afforded a training opportunity between each scheduled match, whenever possible.

2.3.4. The sponsoring country may set the opening, closing ceremonies and the cultural day on other days than those designated in the above Calendar of Events. For example, if the first day of competition requires a larger number of games, the opening ceremonies can be scheduled on the evening of the second day (Preliminary Meeting day).

3. ORGANIZATION - MANAGEMENT

3.1. The recommended organization includes:

- General Organization
- Technical Organization
- Logistical Organization
- Ceremonial and Protocol Organization

Responsibilities for each organization will conform with those provided in the CISM and FIVB Regulations.

All of the provisions set out in the Procedures Manual and Guidance for Organizers are valid for the Volleyball Championship and special rules apply for the Technical Jury. See CISM regulations and procedures for greater detail.

3.2. TECHNICAL JURY

An International Technical Jury will be selected, from members of participating nations, for each competition. These individuals require detailed knowledge of Volleyball rules and procedures. (Procedures Manual Art. 3.12). At the preliminary meeting, the President of the CISM Volleyball Committee will announce the size of the Technical Jury, based upon the number of teams participating in the competition. The President and Members of the CISM Volleyball Committee can also serve on the Technical Jury.

3.2.1. FUNCTIONS OF THE TECHNICAL JURY

The technical jury is responsible for the smooth running of the competition, which may include but not limited to:

- Ensures, in consultation with the Technical Sub-Committee of the host Organizing Committee, that the court and facilities conform to the standards required by the Official International Rules.
- Ensures that regulations are properly observed.
- Resolves any technical situation not otherwise covered.
- Resolves any protest submitted **in writing** by a Chief of Mission.
- Resolves any protest within the referee's jurisdiction.
- Controls and approves all match results, to include compliance with FIVB rules and approved exceptions.

A neutral member of the Technical Jury must be present at each match.

The first meeting of the Technical Jury may be held in the presence of the Chiefs of Missions, the Coaches and the Team Captains. In that case, it may be considered as the technical portion of the preliminary meeting.

3.2.2 JURY OF APPEAL

For the Jury of Appeal composition and functions see CISM Regulation Volume 3-Procedures Art. 3.13.

4. OFFICIAL LANGUAGE

English is the official language used in establishing this regulation. In case(s) of conflict in language interpretation(s), the English version will be used in deciding any dispute(s).

5. SPECIAL CISM VOLLEYBALL RULES

5.1. Fédération Internationale de Volleyball (FIVB) rules and sports regulations apply for CISM Volleyball except as modified herein.

5.2. The organizing country will:

- Provide additional linespersons and referees to meet requirements;

- Provide qualified official scorekeepers; and
- Provide official game balls that conform to FIVB specifications approved for the Olympic Games and used at the present FIVB World Competitions.

5.2.1. FORMAT OF THE COMPETITION

The competition format in Annex 2 will be used based upon the number of participating teams. The President of the CISM Volleyball Committee is allowed to change the sequence of games dependent on the number of courts available, television broadcasting, or other reasons that may impact the competition.

In exceptional cases, when the organizing country cannot accept all countries wishing to participate, the President of the CISM Volleyball Committee will consider the participation ranking list and a “Wild Card” system, if necessary.

5.2.2. PARTICIPATION RANKING LISTS

For participation at a CISM World Military Volleyball Championship, the CISM Volleyball Committee will prepare a participation ranking list for selecting nations, based upon three components – past participation, hosting, and performance results. Nations will be awarded points based upon these criteria as follows:

Previous Participation.

- 2 points for each time a nation has participated in a championship, over the last 5 championships held.

Hosting.

- 10 points for each time a nation has hosted a championship over the last 5 championships.

Performance Results.

- Nations are awarded points based upon their team’s performance results at each of the military world championships attended over the past 5 championships, in accordance with the following scale:

1st and 2nd places - 12 points
3rd and 4th places - 10 points
5th and 6th places - 8 points
7th and 8th places - 6 points
9th and 10th places - 4 points
11th and following places - 2 points

The nation with the greatest point total (past participation, hosting, previous performance

results) over the past 5 championships shall be granted 1st consideration for participating at the next championship, followed by the nation with the next greatest point total, etc... In the case of a tie in point ranking, the following tie breaking criteria will be applied, in order:

- The nation which has the most participation within the past 5 championships will be ranked ahead of other nations within the tied point ranking.
- If this criteria still results in a tie, performance results from the last championship in which the nation competed will be used to determine ranking between tied nations.
- Finally, should this still result in a tie, the more recent participation will be used to determine ranking between tied nations.

The President of the CISM Volleyball Committee is permitted to give a country a Wild Card (maximum of 20% of the number of possible participants on the invitation file) entry into a championship, when it is deemed to be in the best interest of promoting the values of CISM or the interests of the sport within a CISM region or of the host nation. This decision will need to be balanced with the impact on other participating nations.

5.2.3. DISCIPLINE

Should a player be ejected from a set for unsportsmanlike conduct or any other flagrant violation which may cause embarrassment to CISM, the player will not be allowed to compete in later matches at the same championship. The Jury of Appeal is the sole judge in this matter.

5.2.4. SEEDING OF TEAMS

To ensure the quality of a championship in which the first round is comprised of more than one pool, it is necessary to appropriately seed the pools to ensure an equitable distribution of the strongest teams between pools.

The seeding of pools will be determined by the CISM Volleyball Committee, based upon the results of nations at their two most recent championships, within the past five championships. The Performance Results points identified in section 5.2.2 will be used for this seeding. The exception to this ranking will be that the medalist teams of the most recent competition will be ranked as the #1, #2 and #3 seeded teams for the next competition, should they attend. Should this teams not attend the subsequent championship, the seeding will be based on the criteria mentioned above.

The CISM Volleyball Committee reserves the right to seed the host team as head of Pool A and proceed with the remaining teams according to the above procedures.

5.2.5 FORMATION OF POOLS

The number of first round pools will be determined based on the procedures in Annex 2 for the number of participating teams.

Seeded teams will be assigned to pools using a drawing of lots. The first group of seeded

teams (equal to the number of pools) will draw for pools. The second group of seeded teams will then draw for pools. The remaining teams will then draw for pools. After all teams are assigned to pools, the teams within each pool will draw for team numbers within the pool. These team numbers will then determine the pairings for each game in accordance with the procedures in Annex 2.

The daily match schedule will be established by the CISM Volleyball Committee to grant adequate recovery time to teams and meet facility scheduling requirements. In groups of five or more teams, the team playing the last match of the day will not play the first match of the following competition day. The CISM Volleyball Committee retains the right to request last-minute changes in the order of matches established in the daily timetable and provided such changes can be communicated to the teams involved no less than 24 hours before the first matches in question.

5.2.6. TRAINING CONDITIONS

The host nation shall provide the teams a facility for practicing prior to the opening of the championship and during the championship. The Organizing Committee shall prepare a training schedule (that must be approved by the CISM Volleyball Committee) in which each team is guaranteed the exclusive use of a training facility for at least one hour a day. Wherever possible, each team will have at least one hour of training on each competition court, at minimum, the day before their first match on that competition court.

5.3. FORFEIT

- 5.3.1.** If a participating nation withdraws its team from the competition after having submitted their Final Entry, but before the start of the competition, the team may be replaced by another nation approved by the President of the CISM Volleyball Committee, in accordance with the participation ranking that was previously established or an approved wild card inclusion. If a team withdraws from participation after the competition has begun, the CISM Volleyball Committee has authority to apply a sanction for future competitions. In both cases Sanctions applied will be based on the circumstances of the withdrawal. A minimum sanction may be a participation point reduction.
- 5.3.2.** If a team withdraws from the competition after the first round pools are established and was:
- in a pool where the number of teams were equal to or greater than the number of teams in the other pools, play will continue as established. The position in the pool where the withdrawn team was will be considered as a "bye" position.
 - was in a pool where the number of teams were less than the number of teams in the other pools, an additional organizing meeting will be held to re-establish the first round pools. The competition will be re-organized with the reduced number of teams.
- 5.3.3.** If a team withdraws during the conduct of pool competition, any results from competition with the withdrawing team are not considered. All other matches within the pool will be conducted as if the position of the withdrawing team were a "bye".

Matches that can be scheduled earlier without hardship will be scheduled.

5.3.4. If a team withdraws after a round is complete and before the start of the next round, the relative positions of the teams in the completed round are retained. All teams standing below the withdrawing team move up one position.

5.3.5. If a team withdraws during a final round, the team withdrawing is considered to have never qualified for the round. Any results from competition with the withdrawing team are not considered. The schedule of remaining matches will be reviewed by the CISM Volleyball Committee and changed, if possible to accelerate completion of the round. The final standings will be adjusted, if appropriate, so that no final place is vacant.

5.4. FINAL COMPETITION STANDINGS

5.4.1. In championships where there is only one round of play, the results of the play will be used to determine team placement for the final ranking. Since this is round robin (each team meets all other teams), standing will be based on highest number of points awarded on the basis of two points for each match won, one point for each match lost and none in case of a forfeit. The team with the greatest number of points is the champion.

5.4.2. In case of a tie for a position in any round, the FIVB criteria will be applied.

5.5. INTERNATIONAL JUDGES - REFEREES, UMPIRES AND LINESMEN

5.5.1. Regarding the International Referees see CISM Procedures Manual Art 3.15.

5.5.2. The Chief Referee will maintain a roster of all approved judges available for the championship event, assign individual referees and linesmen to specific matches and obtain approval of the plan for assignment of referees and linesmen from the President of the CISM Volleyball Committee.

5.5.3. An International Referee will not be assigned to a match in which his country is participating to avoid the appearance of a conflict of interest in fair play.

5.5.4. International Referees belonging to participating delegations will be used to the maximum extent possible. The sponsoring country should have adequate, properly qualified, judges available to augment the visiting judges as necessary to ensure that an adequate number of judges are available.

5.5.5. For the countries that are participating with male and female teams, one National Referee (that have to be a military) per team is allowed as part of the delegation but must be approved by the CISM Volleyball Committee. If approved by the CISM Volleyball Committee, the referee will be allowed to participate in the next Championship, if the country participation includes both teams (male and female) again.

5.6. TEAM COLORS - SPORTSWEAR

Each participating team will have, at a minimum, two (2) sets of playing jerseys of different colors. One of them must have a jersey which is 75 % white colors and the other set(s) must be of different dark color(s). The names and numbers must be of a contrasting color to the part of the jersey where they are placed. During matches, persons authorized to sit on the team bench (coach, assistant coach, trainer/physiotherapist/doctor, team captain) must be appropriately dressed with jacket and tie or the official team uniform. Persons not respecting this ruling will not be permitted access to their team's bench.

6. ANTI-DOPING CONTROL

The anti-doping control will be conducted in accordance with CISM regulations.

6.1 Doping is defined as:

- the presence of prohibited substance(s) or its metabolites or markers in an athletes bodily specimen;
- the use or the attempted use of a prohibited substance or a prohibited method; and
- the refusing or failing, without compelling justification, to submit to sample collection after notification

6.2 Doping, according to this definition, is strictly forbidden in CISM.

6.3 At CISM Military World Volleyball Championship and, if possible, at other major events, anti-doping controls will be carried out according to the latest CISM Anti Doping Regulation to ensure compliance with the Anti-Doping Code of WADA.

6.4 The operative responsibilities of the anti-doping controls will lie with the Anti-Doping Commission formed for the considered event. The composition and tasks of this commission are defined in the CISM Anti Doping Regulation

6.5 At World Military Volleyball Championships, at least 6 (six) Males and 4 (four) Females tests will be carried out.

6.6 The list of prohibited substances and methods used for the anti-doping testing in CISM events will always be the actual WADA list and FIVB Regulations.

6.7 Organizers of CISM World Military Volleyball Competitions are obliged to prepare and bear expenses for anti-doping control.

6.7.1 The procedure to follow must be in conformity with FIVB «Medical Regulations».

6.7.2 The players who are to undergo anti-doping control testing will be selected by drawing of lots.
